

SHREDDER SAR

UP TO TWICE THE SPEED WITH HALF THE EFFORT

WATER RESCUE SAR SWIMMING HELICOPTER OPERATIONS

- Provides explosive thrust and exceptional maneuverability.
- Ultra-light techno polymer blade provides optimized power and snap with up to 50% less weight and bulk.
- Hydrodynamic blade design provides efficient water flow for improved thrust while greatly reducing ankle and leg fatigue. Increased speed while conserving energy for maximized endurance, greater sprint durations and longer surf sessions.
- Adjustable buckle provides customized fit for maximum comfort, leverage and power while eliminating “slop” and chaffing. Padded, quick-release leash system secures fins on feet even in huge waves.
- Incredibly soft foot pocket and heel pad provides excellent comfort. Designed to fit all large boots and the new AMPHIB boot from Deep See.

Overall Length
16.5" / 42cm

Blade Width
10" / 25cm
